

General Information History and Philosophy

The Community Services Division is committed to the people of East Texas to offer continuing educational services accessible by persons of all ages. Programs offered include courses, seminars, workshops, institutes and teleconferences which provide lifelong learning opportunities.

These programs allow persons to learn skills for new jobs, to add knowledge and skills needed in current jobs, to refresh and update job skills, to explore new fields, to have access to training required by law for their profession, to supplement current educational endeavors, and to enrich their lives with cultural and personal development training. To achieve these program goals, the Community Services Division publishes a schedule of classes for the fall, spring and summer. Input from persons in the community is encouraged at all times for determining offerings. If you have a suggestion, please communicate it to us. Many classes in our schedule are six weeks or less and classes begin and end at different times. This flexibility allows us to serve the needs of the community on short notice. A few courses test and grade skills for entry into new jobs, but most have no tests or grades and are simply based on attendance and participation. **Certificates of completion** are offered for all courses and a record of courses taken by all persons is maintained in our office.

In addition to our courses, the Community Services Division reserves and prepares college facilities for use by outside persons, groups and organizations. If you have a need for facility use for meetings or presentations, please call us at 936-633-5206.

Payment Fees

The methods of payment for course fees are cash, personal or company checks, money order, DETCOG, WIA or TRC voucher, and VISA, MasterCard, or Discover when paying in person. Students may register and pay by mail for any course listed using the clip-out coupon in the schedule. **Students must be registered 2 days prior to a class starting.** An organization paying for its employees to take classes may use the methods above or prearrange with the Business office for the college to invoice the organization for tuition and/or books.

Continuing Education Units (CEUs)

The Continuing Education Unit (CEU) is a nationally recognized method of recording participation in a continuing education program that does not carry credit toward a degree but does meet established criteria for increasing knowledge and competencies. One CEU is awarded for each 10 contact hours of participation in an organized non-credit continuing education program. Official transcripts are available upon request.

Financial Aid

The Community Services Division has a limited amount of financial aid assistance available under TPEG (Texas Public Educational Grant) to help students pay the costs of attending a career course scheduled. Any student needing financial assistance to enroll in a **career section** course should contact the Financial Aid Office at 936-633-5291. The student must complete a financial needs assessment form and show proof of income for the previous year, **(this includes all types of income for the whole household)** before a decision to offer assistance can be made. Financial assistance is **not** available for cultural, personal, children or driver safety courses. Financial assistance **does not** pay for books, supplies, or state testing fees. Some programs are approved for PELL and VA Benefits. Hazelwood may not be used for cultural or personal courses.

Senior Citizen Tuition Policy

Persons aged **65 or older** may enroll in any Community Service course, any cultural or personal course (except career courses and driver safety courses) listed in the class schedule for 50% of the listed course fee. Textbook or other course charges are not reduced or affected. Verification of age may be required.

Insufficient Check Penalties

Students are warned not to write insufficient checks or place stop payment on checks written for tuition or books.

The college business office will assess a \$25.00 per check charge in addition to the amount of tuition or book fees owed. The student will be denied the privilege of writing personal checks to the college for future payment of fees. Insufficient checks not paid promptly in the course of regular college collection efforts will be turned over to the county district attorney for collection of all amounts, service charges, and penalty fees assessed. Students must clear all unpaid financial obligations before they are allowed to register and pay for subsequent courses.

Withdrawals and Refunds

Students wishing to withdraw from a course may do so by notifying the Community Services office at 936-633-5206. **Any student seeking a refund must notify the Community Service office by telephone, in person, or in writing.** Should the college cancel a class, every effort is made to contact all the students enrolled. Students who wish to transfer to another Continuing Education class may do so at this time or receive 100% refund. Refunds are sent to the student by mail from the college business office. Refunds may take up to 30 days to receive. Students seeking refunds on textbooks must contact the college bookstore. Refunds are processed under the guidelines in the following table.
