

Associate of Arts in Criminal Justice with Field of Study

Angelina College’s Associate of Arts in Criminal Justice with Field of Study provides an intensive study of the methodologies and techniques used in law enforcement and the criminal justice system. The program transfers to Texas public institutions that award Bachelor of Arts or Bachelor of Science degrees with a major in criminal justice. The Field of Study places more extensive emphasis on criminal justice courses than the traditional Associate of Arts Degree. The program also prepares the student academically for direct entry into positions available in the criminal justice profession.
